Presented to Dean Grinnell  
by the Tower Staff  
July, 1955

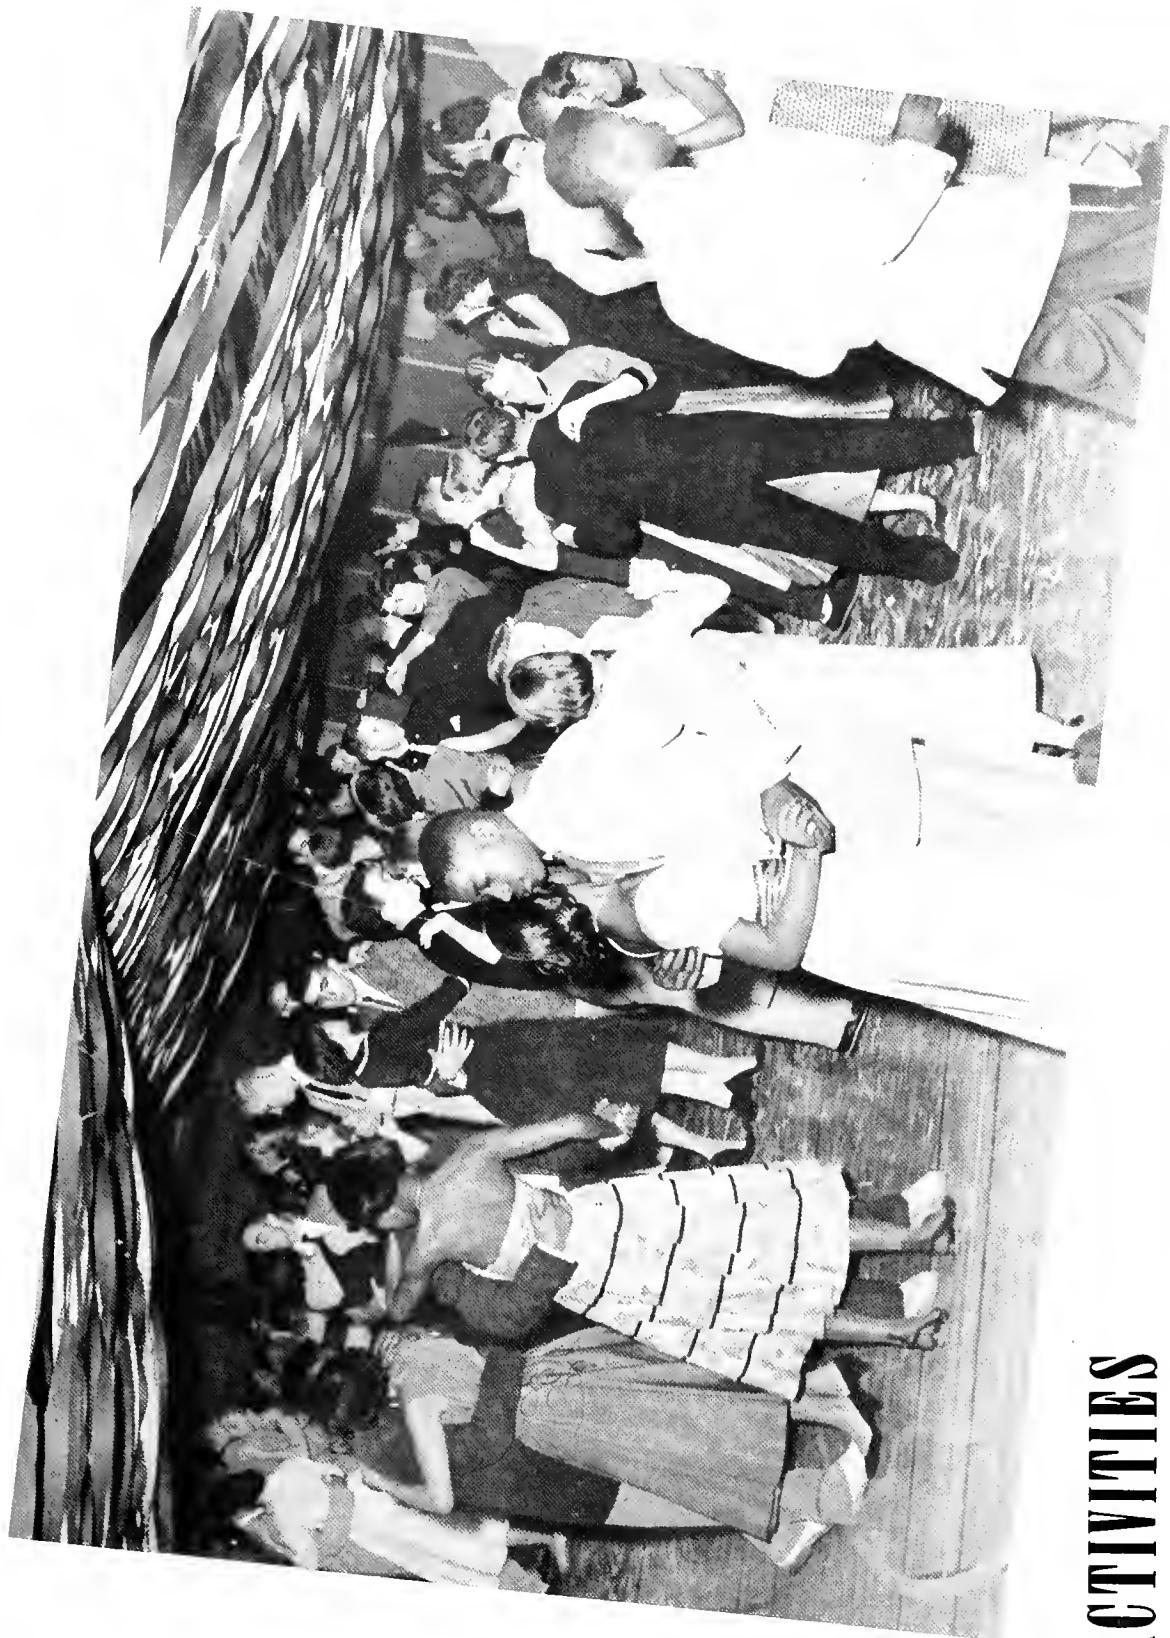

**UNIVERSITY SCHOOL  
CARBONDALE, ILLINOIS**

To you, Miss Helen Starck and Dr. Jean Fligor, we, the 1955 Tower Staff, dedicate this yearbook. We know that the positions you vacated can never be filled in the memories of those who have associated with you here at University School.

Your willingness to help when we students needed assistance will always be remembered. In each of you, students and associates have found high standards in teaching and living, a forthright personality, and an outstanding sense of humor. These characteristics have helped us to realize just how much time and energy you have given to your students and fellow-teachers here at University School.

As you glance through the pages in our book, please remember, though your names and faces may not grace the pages in the years to come, your influences will be ever-present. In these six letters we hope to express to you what a million could not convey: THANKS!!
